CAREER OBJECTIVE

Motivated Computer Science graduate and Full Stack Developer eager to join a dynamic organization, contribute to real-world projects, and grow as a professional while delivering high-quality software solutions.

EDUCATION

2022-2025

PERIYAR UNIVERSITY
- Bachelor of Science in Computer Science

SKILLS

- HTML , CSS , Bootstrap
- JavaScript
- React.js
- MySql , MongoDB
- Node.js , Express.js
- Python , Django

PROJECTS

E-Commerce Website → Live Demo
- Built a full-stack e-commerce platform with secure authentication and strong form validations.
- Implemented Add-to-Cart and product management using Redux for performance and scalability.
- Designed a responsive React-Bootstrap frontend integrated with Django APIs for seamless data handling.

Social Media Application → Live Demo
- Built a fullstack social media platform with secure authentication, 2FA, user profile management.
- Implemented real-time chat, post uploads, comments, and interactive features like Follow/Unfollow.
- Developed a scalable React UI integrated with Node.js/Express and MongoDB for seamless data handling.

Electricity Board Applicants → Live Demo
- Developed an applicant management system with secure user login using React, Bootstrap, Django, and MySQL.
- Implemented search, date-range filtering, and pagination for efficient applicant handling.
- Added data visualization with pie and bar charts to provide clear insights.

CERTIFICATIONS

- Completed Full Stack Development course at GUVI with hands-on projects in React, Node.js, Django, and MongoDB.
- Participated in a two days National Seminar on "AI tools in Various Domains" held on 10th and 11th July 2023.
